OUR COMMITMENT TO YOU

Phil Holderness, Chair CA-NV Section, AWWA: "CA-NV Section, AWWA is committed to improving the quality and supply of water in California & Nevada and beyond by providing crucial information to Members. With **H2O KNOW** we will not only increase Member education through advanced online technology, we will vastly improve communication to our Members. With more than 6,700 Members, communication is vital to ensure we are reaching our entire region and providing the best service and education we can."

H2O KNOW WATER COLLEGE
California-Nevada Section Online Training Program

Online Training is the wave of the future!

WHAT IS H2O KNOW?

In April 2011, the CA-NV Section, AWWA launched H2O KNOW Water College, a new and exciting online training platform. This platform not only delivers online training and Contact Hours, but greatly increases the educational resources and information we can provide to our members.

HOW CAN IT HELP YOU OR YOUR UTILITY?

This new program enhances training and resources currently available to our industry. H2O KNOW delivers online training on more than 60 safety and technical offerings to water professionals in California and Nevada. Using the platform, those in the water industry can also take advantage of human resources and OSHA curriculum along with the CA-NV Section, AWWA training offerings.

1 Year Subscription Includes:

- A full year of unlimited online training that qualifies for Contact Hours!
- Access to over 40 Safety Offerings.
- Access to over 20 Technical Offerings
- Print your certificate instantly.
- Self paced learning and access to H2O Know wherever and whenever, from any computer.
- Access to free resources!
- Money savings on travel and book costs.

**INDIVIDUAL PROGRAM RATES
TECHNICAL & SAFETY OFFERINGS**
\$229 member
\$299 non-member

CONTACT HOURS

Upon course completion, individual users can access and print their certificate of completion and review a history of completed courses.
